When the Wayne Comes

When the Wayne comes, we run and hide our heads, we might as well be dead.

When the Wayne comes. When the Wayne comes.

When the Wayne comes, he’s shutting down the schools, and everyone feels blue,

When the Wayne comes. When the Wayne comes.

Wayne, Wayne, Wayne, Quit telling lies. Wayne, Wayne, Wayne, Don’t put students aside.

When the Wayne comes, Everything’s so bleak, He puts us on the street.

When the Wayne comes. When the Wayne comes.

When the Wayne comes, He takes away our pride, But the student’s are on our side

When the Wayne comes. When the Wayne comes.
