

(MCSA) credential offers IT professionals a competitive edge in today's constantly changing business environment. This Microsoft credential validates the specific skills required for network and systems administrator roles. The certification provides employers with a means to identify those individuals who have the appropriate skills to do the job successfully.

### Here's why MCSA can be right for you.

- **It's attainable.** Take only three instructor-led courses in just over four months for the complete program.
- **It's respected.** Hiring managers indicate that certified professionals provide a higher level of service to their organizations.
- **It's flexible.** All exams count toward the Microsoft Certified Systems Engineer (MCSE) certification, and you can choose the elective that best meets your needs and professional goals.

### REQUIREMENTS FOR COMPLETION

- Complete all courses.
- Pass Microsoft exams 70-270, 70-290, and 70-291
- Complete program **within one year** of start date

### PREREQUISITES:

A+ and Network+ Certifications\*

Call 773/481-8899 for assessment to enter the program

*\*If you have industry experience or a technology degree you can register and take the certifications exams without participating in our A+ and Network+ programs. Information regarding our A+ and Network+ programs are on pages 7 and 8.*

### MCSA Program Recommended Track

#### Required Courses:

Exam 70-270: Implementing/Supporting Windows XP  
 Exam 70-290: Managing/Maintaining Server 2003 Environment  
 Exam 70-291: Implementing/Managing/Maintaining Server  
 2003 Network Infrastructure

The MCSA program at Wright College uses a blended learning approach (4-hours classroom; 3 hours online). Chapter Exercises and Review Questions should be completed before attending classes.

Class time is used to:

- \*complete lab exercises;
- \*review key concepts; and
- \*solve workplace case scenarios.

**Unfortunately when too many people wait until the last minute to register, classes may be canceled by the Administration. To avoid disappointment, please register early.**

## 70-270: Implementing and Supporting Microsoft Windows XP Professional

The purpose of this course is to address the implementation and desktop support needs of customers that are planning to deploy and support Microsoft Windows XP Professional in a variety of stand-alone and network operating system environments. It provides in-depth, hands-on training for Information Technology (IT) professionals responsible for the planning, implementation, management, and support of Windows XP Professional.

**Required Textbook: 9-780470-068809 35 hrs. \$1099**

Catalog ID# 1990	Class # 22740	Stizza
Sat. Sept. 12, 19, 26, Oct. 3 & 10		
9:00 AM -1:00 PM		Room S244

Catalog ID# 1990	Class # 27716	K. Johnson
Class Start Dates: 8/19, 9/16, 10/21, 11/18, 12/16	6-wk-Online	\$399

## 70-290: Managing and Maintaining a Microsoft Windows Server 2003 Environment

This course teaches how to install, configure, administer, and support the primary services in the Windows Server 2003 operating system. The course begins by examining basic system administration procedures. Subsequent lessons are devoted to creating and managing Windows Server 2003 user, group, and computer accounts; sharing system resources; and installing and maintaining system hardware.

**Required Textbook: 9-780470-068861 35 hrs. \$1099**

Catalog ID# 1991	Class # 22741	Stizza
Sat. Oct. 17, 24, 31, Nov. 7 & 14		
9:00 AM -1:00 PM		Room S244

Catalog ID# 1991	Class # 27718	K. Johnson
Class Start Dates: 8/19, 9/16, 10/21, 11/18, 12/16	6-wk-Online	\$699

## 70-291: Implementing, Managing, and Maintaining a Microsoft Windows Server 2003 Network Infrastructure

This course teaches the skills and knowledge necessary to configure, manage and troubleshoot a Windows Server 2003 network infrastructure. You will walk through the key concepts of Windows Server 2003 network management such as Dynamic Host Configuration Protocol (DHCP), Domain Name System (DNS), Routing and Remote Access, and Software Update Services (SUS).

**Required Textbook: 9-780072-944884 35 hrs. \$1099**

Catalog ID# 1997	Class # 22742	Stizza
Sat. Nov. 21, Dec. 5, 12, 19		
9:00 AM - 1:45 PM	No class 11/28	Room S244

Catalog ID# 1997	Class # 27720	K. Johnson
Class Start Dates: 8/19, 9/16, 10/21, 11/18, 12/16	6-wk-Online	\$699
